

Increase your communication. Widen your reach. Surpass your funding goals.

Optimizing donations is all about providing easy and convenient giving options. With so many giving mediums today, it's not a question of if you will implement mobile tech, it is a question of when and how. These off-the-shelf technologies effectively and efficiently connect your organization with donors, volunteers, members, and staff.

CREDIT CARD DONATIONS

Customizable credit card donation forms allow users to donate any dollar amount. You choose what donor information you wish to collect, and funds are deposited directly into an organization's merchant account.

CARRIER BASED DONATIONS

Donors simply allow a designated amount to be added to their cell phone bill on behalf of a charity via a text exchange.

TWO-WAY TEXT MESSAGING

bycell.com'."/>

Keep donors, volunteers, and members engaged with event reminders, participation opportunities, and address one-on-one questions from our dashboard.

CALL TO DONATE

Users call in using a local phone number and donate via touch tone on the spot.

DIGITAL WALLET CARDS

Distribute digital passes, membership cards, coupons and more to be saved directly to a users camera roll or digital wallet.

RESOURCE PORTAL

From a full event app to accessible staff training, create content in a web portal with the look and feel of an app. Include surveying, polls, and quizzes for an interactive experience.

FUNDRAISING THERMOMETER

Share a live feed of donor acknowledgements updating your progress in real time.
