

## **Mobile Form Filler**

### Same Form, Better Workflow

We convert your existing PDF form into a digital version that is easily completed on a mobile phone or desktop. Once completed, we place the data into your existing forms format and deliver it back to you.

### Set Up -

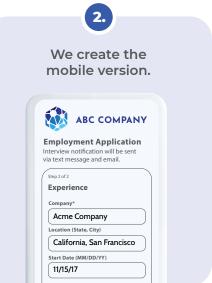

Send us your form.

ABC COMPANY  Employment Application  General Information					
			Position Applying Fe	or	
			First Name	Last Name	Middle Initial
Phone Number	Email Address	_			
Experience					
Company					

3.

Provide the form to users via QR code or link.

Hi Jane, please fill out the application at link.co. We will send you updates of your application status via text message and email.

4.

We deliver the completed form in your original format.

Jane has completed her application and it is attached to this email.

Hi Martha,

# Advantages of Mobile Form Filler

No Manual Data Entry.

The platform automatically populates data into your existing PDF form.

Easier User Experience.

Users can complete the form on any device.

Save Time.

Digitized forms can be sent, completed, and returned in minutes.

Stay Updated.

Receive email notifications when a form is filled out and monitor submissions on our dashboard.
